## A Valuable Man.

The man who is exposing the deadly effect which insurgency would have on California and is the most valuable factor in the upholding of the policies of the Republican administration today, we are proud to say, is Duncan McKinlay, this district's representative in Congress. The proposed thrusting of another man on the district has given Mr. McKinlay the splendid opportunity of depicting insurgency in its true colors.

It is our duty as Republicans to thoroughly understand the issues at stake and our congressman has been making them so clear cut that the people of this district and all the districts where his expounding of Republican principles have penetrated, realize fully that his views are sound and that we could not have a more masterly representation at Washington than Duncan McKinlay has given us.

His sincerity cannot be questioned and as evidence fit he has invited the insurgent Kent to meet him in the principal towns of the district and debate the questions upon which they differ.

Mr. McKinlay has made an exhaustive study of present day problems and he knows the practical workings of politics. Proper representation means to get by practical methods what theory would never accomplish. The politician who wants to get quick results for his district deals with conditions as he finds them. We do not send a congressman to Washington to reform, to pose or to preach. We want him to take care of his district and to safeguard our interests. This is what McKinlay has been doing and though he might be listed for something higher he is still willing to serve the people of the Second District, which should be appreciated by all Republicans.

## Price of Hay

For the week ending July 12th, Somers & Co. of San Francisco, in their weekly report on the condition of the hay market say:

"There has been a marked diminution in way shipments during the week ending today, the total showing but 2560 ton in comparison with 3640 ton for last week and 2970 for the week preceding. The general scarcity of cars has been mainly responsible for these light shipments, although it is well that the hay was not shipped in here more freely, for our market has been very dull and could not have well absorbed any greater supply.

"The feature of the hay market at the present moment is its dullness and the hoped for trade that generally materializes after the fourth of July is not yet in evidence. The lack of demand can be attributed to the fact that most consumers who as a rule begin to take in their winter's supply of hay at this time of the year now seem very indifferent and seem inclined to wait a bit longer, anticipating even lower prices.

"We have frequently referred to the fact that the barley market and the hay market generally go hand in hand. As the barley market has recently made a sharp advance it may be that hay will increase after a bit also. At the moment, however, there is nothing to encourage us to look for any advance in prices in the immediate future.

"We can report no material change in quotations from those given a week ago which ranged from \$12 for choice wheat hay to \$10 for alfalfa hay.

## Ho! for Agua Caliente Springs.

Commencing yesterday Theodore Richards of Agua Caliente Springs has put on a bus service between Sonoma and El Verano to his famous bathing resort. The bus, a thirty-passenger affair, will make two trips daily to and from Agua Caliente Springs for the accommodation of all visitors to the valley who desire to take advantage of the fine facilities afforded for bathing at the above popular resort. Trips will be made both in the morning and afternoon.

The deer season opened yesterday.

## A Poor Weak Woman

As she is termed, will endure bravely and patiently agonies which a strong man would give way under. The fact is women are more patient than they ought to be under such troubles.

Every woman ought to know that she may obtain the most experienced medical advice free of charge and in absolute confidence and privacy by writing to the World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. Pierce has been chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for many years and has had a wider practical experience in the treatment of women's diseases than any other physician in this country. His medicines are world-famous for their astonishing efficacy.

The most perfect remedy ever devised for weak and delicate women is Dr. Pierce's Favorite Prescription. IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

The many and varied symptoms of woman's peculiar ailments are fully set forth in Plain English in the People's Medical Adviser (1008 pages), a newly revised and up-to-date Edition of which, cloth-bound, will be mailed free on receipt of 31 one-cent stamps to pay cost of mailing only. Address as above.

## Will Seek Re-Nomination and Election.

Charles A. Pool, incumbent, will seek a re-nomination at the hands of the Democratic voters for County Auditor at the primaries next month. Mr. Pool was selected for the office at the last county election by a handsome majority and as he has proved himself a painstaking and competent official his friends claim he is entitled to another term. His political card appears elsewhere in these columns to which we would call the attention of our Democratic friends, in particular and voters in general.

## It Costs Money to Record Some Papers.

Natomas Consolidated of California, the big corporation which recently purchased the Schocken quarries in this place, on Friday of last week paid County Recorder F. G. Nagle \$210 for recording a big trust deed and two mortgages. The deed is to secure a loan of \$1,000,000 made to the Natomas people by the Anglo-California Trust Company.

## Card of Appreciation

Editor INDEX-TRIBUNE—Will you kindly allow me through your paper to express on behalf of the Sonoma Valley Woman's Club their deep appreciation of the valuable assistance given them before and during the recent Carnival by the business men of the community and especially by the Board of City Trustees, who unflinchingly aided us in every possible way and did so much toward bringing about our great success.

Yours truly,  
DORA M. STOFEN  
President.

## Surprise Party

Mr. J. P. Jones, a noted tenor of Oakland, who has been visiting his sister, Mrs. H. W. Field of El Verano, was recently tendered a surprise party. Mr. Jones entertained the guests with several vocal selections and came in for much praise for his fine singing. He expects to visit the valley again in the near future and will sing in one of our local churches.

Defying the Heat.

Joseph, the fourteen-yea  
son of Mrs. Euzenberger of Berk-  
eley, who is renting one of the  
cottages across the county road  
from Boyes Springs, was stricken  
with diphtheria on Friday of  
last week but is now slowly conva-  
lescing. The youngster has been  
under the care of Dr. Leix all  
week who promptly quarantined  
the cottage to prevent the spread  
of the disease. In his efforts to  
comply with the law governing  
contagious diseases Dr. Leix has  
met with some opposition. The  
warning signs posted on the cot-  
tage have twice been torn down  
and the State Health Officer at  
Sacramento, having been apprised  
of the fact, has ordered the arrest  
of the guilty party if apprehended.  
Defying the health laws of the  
State is a very serious matter and  
it will go hard with the offender  
if caught.

revenue taxation on liquors, to-  
bacco and kindred articles to the  
amount of about \$205,000,000 an-  
nually, \$25,000,000 on corporation  
tax under the new corporation tax  
law, about \$50,000,000 by mis-  
cellaneous sources and \$220,000,000  
from the Postoffice department. All  
the rest is raised by duties on im-  
ports. To change this system by  
abolishing duties on imports would  
mean the imposition of nearly \$500,  
000,000 of taxes upon lands, which  
would be double direct taxation, as  
the lands of the states already sus-  
tain the principal burden of state  
taxation. In America more than  
7,000,000 farmers own their own  
farms, and the great mass of our  
thrifty laboring men own their  
homes. To place the entire bur-  
den of Federal taxation upon the  
land of the farmer and the home  
of the workingman would be, to  
my mind, the most oppressive sys-  
tem of taxation the world knows.  
I do not believe for one moment  
that the constituents of this great  
district can subscribe to that doc-  
trine.

"Your views on labor are axiomatic. We all believe in the rights  
of labor and I concede that it is  
necessary that the labor unions  
should exist and remain strong in  
order that they may protect the  
individual laborer by render-  
ing unnecessary for him to en-  
ter direct contract with the  
employer. But, to my mind, the  
friend to labor is the  
sure who will give  
steadfast employ-  
ment, and your tar-  
iff would result in a  
deadly blow. The great  
enemies of the protective tariff  
concede, at least, that pro-  
tection benefits labor in this, that it  
keeps out the labor of foreign  
countries such as Europe and Asia  
and gives the American laborer  
the employment in making the  
products which are sold in the  
American market.

"You say in your San Rafael  
speech that you are in favor of a  
tariff commission, which would  
have power to fix rates of duty up-  
on imports. I am in favor of a  
tariff board which would have  
powers to investigate the cost of  
production at home and abroad and  
advise Congress as to such rates of  
cost, but I am not in favor of the  
a tariff commission which itself  
would fix the rate of duty. Such  
would be the delegation of the  
power of taxation to a commission,  
which, I believe to be fundamen-  
tally wrong, as well as unconstitu-  
tional. The framers of the Con-  
stitution, having the experience of  
all governments before them when  
that great instrument was formu-  
lated, wisely placed the power of  
raising revenues by taxation either  
directly or indirectly in Congress.  
Following the example of Great  
Britain they delegated to the House  
of Representatives, the power of  
initiating every measure of tax-  
ation and every revenue and appro-  
priation bill. This has been the  
law since the foundation of the  
Government and I believe should  
not be departed from now. I have  
always been in favor of a tariff  
board, composed of experts and  
appointed by the President, to  
gather accurate data and informa-  
tion as to the cost of production  
of any article at home or abroad, so  
that Congress may have exact in-  
formation whenever a tariff sched-  
ule is to be revised. I spoke in  
favor of that measure in the House  
of Representatives, which speech  
is reported in the Congressional  
Record of June 1, 1910.

"Your views on conservation  
are different from mine. You seem  
to believe in building up a great  
central bureau in Washington  
which will have control of the re-  
sources and the powers which I be-  
lieve belong to the states. Nearly  
one-fifth of California is now in  
forest reserve. This limits the  
opportunity of settlement and con-  
sequently a high rate of taxation  
results. The revenues from our  
reserves and water powers I be-  
lieve should be expended within  
our own State, or go to our State  
Treasury in diminution of our  
State taxation, and not be given to  
other states which have disposed

**M'KINLAY'S  
CHALLENGE TO  
AN INSURGENT**

Wants to Meet Free Trader  
Kent in Joint Debate and  
Discuss Political Issues  
of the Day.

Hon. Duncan E. McKinlay, the  
able Congressman of the Second  
District, has challenged Wm. Kent,  
who aspires to the latter's seat in  
the Congress to a series of joint de-  
bates upon the vital issues of the  
campaign.

In an open letter to Kent under-  
dated of July 9th, Congressman  
McKinlay says among others  
things:

"William Kent, Kentfield, Cal.  
Dear Sir--I learn from the press  
reports that you are a candidate  
upon the Republican ticket for the  
position of Congressman from the  
Second Congressional District of  
California, which position I now  
have the honor to occupy and to  
which I desire re-nomina-  
tion.

"Your views on tariff, Federal  
revenues, income tax, land law, in-  
surgency and conservation, as ex-  
pressed in the San Francisco Bul-  
letin of June 14th, are so radically  
different from mine that I believe  
the people of the district should be  
made thoroughly acquainted with  
the positions which we severally  
occupy upon these great subjects.

"You say in your speech at San  
Rafael that you desire to go to Con-  
gress to help the insurgent move-  
ment. I believe that the insur-  
gent movement has retarded the  
passage of much needed legislation  
and prevented Mr. Taft from  
carrying out some of the promises  
of the Republican party.

"You say you are opposed to pro-  
tection tariff, which you designate  
as a high tariff. Under its stimu-  
lating influence the United States  
has developed into the greatest in-  
dustrial and commercial country  
in the world. Sacrifice of the prin-  
ciple of protection to meet the de-  
sires of the Insurgents of Iowa,  
Nebraska, Kansas and Wisconsin  
inevitably would bring disaster to  
a great portion of the nation, par-  
ticularly to California.

"All the producing industries of  
California are greatly benefited and  
stimulated by the policy of pro-  
tection. Wines, nuts, raisins,  
canned and dried fruits, lumber,  
wool, olives, olive oil, oranges,  
lemons and prunes are all highly pro-  
tected. Protection is necessary to  
those of any other State because of  
the fact that we are 3000 miles  
away from the market and the  
benefit derived from the tariff is  
absolutely necessary to enable our  
products to meet the competition  
of the products of other lands which  
have the advantage of ocean freight  
and cheaper labor. I believe a  
sacrifice of the principle of pro-  
tection would mean the destruction  
of half the interests of our State.

"Quoting from your speech in  
San Rafael you say:

"I am in favor of substituting  
an income tax for tariff as a means  
of raising Federal revenue. If any  
one can show me where a tariff  
will benefit a greater proportion of  
the population, I am willing to  
listen to that. I am a thorough  
believer in an income tax with an  
exemption on small income and the  
rate of taxation increased as the in-  
come grows."

"I disagree with you in this, as  
I cannot see how an income tax  
could benefit the poor man. Income  
arises either out of rents, interest,  
profits or wages. If the income  
arises from rents and the landlord  
is compelled to pay an income tax,  
he simply raises the rent to the  
tenant and thus shifts the burden  
from his own shoulders to that of  
the tenant. If income arises from  
interest, the lender shifts the bur-  
den by increasing the rate of in-  
terest to the borrower. If it arises  
from profits, the seller raises the  
price to the buyer. If from wages,  
it is a direct tax upon the wage  
earner.

"Your further proposition that  
you are in favor of ultimately  
placing the burden of Federal tax-  
ation on the land is to me also er-  
roneous. You say in your San  
Rafael speech:

"We should have direct taxation  
as far as possible, for then we  
know what we are doing. They are  
making a great advance in Eng-  
land in getting at the land tax. I  
believe a similar measure should  
be introduced into this country."

"I disagree with you on this  
proposition, as the conditions be-  
tween England and America are  
vastly different. The revenue re-  
quired to meet the expenses of the  
Federal Government now amounts  
to over \$1,000,000,000 annually.  
This revenue is raised by internal

way.

Mr. and Mrs. Jack Ford return-  
ed from their honeymoon trip last  
Thursday and the genial Chief De-  
puty County Clerk and his hand-  
some bride will make Santa Rosa  
their future home.

Mr. and Mrs. W. S. Miller of  
San Francisco came to the valley  
quite frequently in their auto-  
mobile, making the trip in a few hours.  
They have planned many splendid  
trips in their machine this summer.

Wm. J. Hatch, wife and son of  
San Francisco, who are stopping  
at the Brandt ranch at Vineburg,  
were visitors of Mr. and Mrs. J. H.  
Still Sunday. Bill, whose middle

for a week or two.

Mr. West Thorrold, accompa-  
nied by his sister, Miss Ethel Thor-  
rold, were here from the metrop-  
olis Sunday. They made the trip  
by automobile. Mr. Thorrold is  
the proprietor of the People's  
Creamery Company and Miss  
Thorrold is a popular society girl  
of San Francisco.

Miss Mary C. Patten has been  
several days in our midst sketching  
historical buildings and the fine  
scenery of old Sonoma. Miss Pat-  
ten is an artist of no mean ability,  
having had much experience in  
Boston studios and three years  
under masters in Paris. Finding  
this a fruitful field she may re-  
main here and form classes for  
sketching.

**Fruit Shipments by Water**

Mr. W. S. Ross is making large  
shipments of fruit to the San Fran-  
cisco market by the Schellville boat  
and fruit shippers find that the  
boat puts their products on the  
market in better shape than by  
rail shipments.

**The Races Attended by Over a  
Thousand People.**

In reporting the race meet held  
here on the Fourth of July under  
the auspices of the Sonoma Valley  
Driving Club our contemporary  
down the street, in calling atten-  
tion to the attendance, says,  
"about a hundred people enjoyed  
the races and the music of the  
band." This is far from true. The  
fact of the matter is, over a thou-  
sand people passed through the  
gates and witnessed the races here  
on that day and it was one of the  
most successful race meets, in the  
matter of attendance, ever held  
here under the auspices of the  
club.

**THE JOIN O'BRIEN  
ESTATE N PROBATE.**

Miss Nellie O'Brien, Principal  
Heir at Law, Petitions for  
Probate of Will--Estate  
Oes to His Three  
Daughters.

Miss Nellie O'Brien of this val-  
ley filed a petition in the Superi-  
or Court last Wednesday to probate  
the will of her father, the late  
John O'Brien, who passed away  
on his farm near here a couple of  
weeks ago. The value of the es-  
tate is set down at \$1400 cash in  
bank. This the decedent leaves to  
his three daughters, Mary O'Brien,  
Nellie O'Brien and Kate Carriger,  
share and share alike. To Mrs.  
Alice Sperry of Santa Clara county  
another daughter, the deceased  
gave \$2000 during his life time  
and by mutual consent she gets  
that as her share of the estate.

The 1000-acre farm and other  
property owned by John O'Brien  
during his life time was deeded  
to Nellie and Mary O'Brien and  
Mrs. Kate Carriger over five years  
ago, and is not included in the es-  
tate to be probated upon.

The report that Mrs. Gough,  
another daughter who resides in  
this place, is to contest the will, is  
said to be without foundation.

**Death of John Nordwell**

John Nordwell, a pioneer ranch-  
er of this valley, died on his farm  
in the mountains northeast of Glen  
Ellen last Tuesday. The cause of  
death was pneumonia, which fast-  
ened itself upon the deceased about  
a week ago. Notwithstanding  
Nordwell was a veritable giant in  
stature and physique he proved an  
easy victim to a disease that claims  
its toll not from the weak and  
puny but from the strong and  
robust of our fellows.

The deceased is survived by a  
wife and a brother who is a lead-  
ing tailor of San Francisco. He  
was a native of Sweden and aged  
62 years.

The funeral took place Thursday,  
the interment being in the Valley  
Cemetery.

**Native Sons Elect Officers.**

At a regular meeting of Sonoma  
Parlor No. 111, N. S. G. W., held  
last Monday evening the following  
officers were elected to serve for  
the ensuing term: Past President,  
J. H. Murray; President, Jas. L.  
Modini; First Vice President, H.  
B. Shaw; Second Vice President,  
Neil Trudgen; Third Vice Presi-  
dent, A. F. Jansen; Secretary, L.  
H. Green; Treasurer, Roy A. Paul-  
li; Marshal, W. H. Von Hecht;  
Inside Sentinel, Jas. Maffei; Out-  
side Sentinel, Phillip Bill; Trustee  
M. E. Cummings; Surgeons, Drs.  
Thomson, Leix and Hays.

The installation will take place  
next Monday and will be followed  
with a spread and other features.

**Carnival Report**

The Sonoma Valley Woman's  
Club report the following itemized

**CARNIVAL GREAT  
FINANCIAL SUCCESS**

The Sum of Twelve Hundred  
Dollars Net Cleared by the  
Woman's Club for Plaza  
Improvement.

The Sonoma Valley Woman's  
Club did itself proud in carrying  
out so successfully the recent Car-  
nival of Nations here. The un-  
dertaking was a big one but the  
ladies proved they were equal to  
the task they had undertaken in a  
spirit of civic pride and more  
than made good in carrying out  
every detail. Now comes the an-  
nouncement that \$1400 were taken  
in at the gate and the various  
booths. Of this sum \$171 was de-  
ducted for expenses, leaving a net  
gain of \$1200, which will be ap-  
plied to beautifying the Plaza.

**SUDDEN DEATH  
ON THE TRAIN**

John Francis Kane, a Prominent  
Elk Who Had Been Visiting  
Here Expires, While en  
Route to Oakland

John Francis Kane, prominent  
Elk of Stockton and commercial  
traveler for a big Chicago tobacco  
firm, who had been sojourning  
with his wife at one of the resorts  
in this valley for several days, died  
on the Northwestern Pacific train  
while en route to his home in Oak-  
land on Thursday morning.

The deceased arrived in El Ve-  
rano last Sunday morning accom-  
panied by his wife. He was suf-  
fering from tuberculosis. On  
Tuesday his condition became very  
alarming and Dr. Leix was sent  
for. Seeing that her husband was  
beyond medical aid, Mrs. Kane de-  
cided to return to their home in  
Oakland, and with that object in  
view they boarded the train at  
Verano station, but before reach-  
ing Sonoma Kane passed peacefully  
away in the arms of his devoted  
wife.

The remains upon the arrival of  
the train here were taken to Bates  
undertaking parlors, where the  
body was embalmed and shipped to  
San Francisco on the afternoon  
train.

The deceased was born in Oak-  
land and was aged 37 years.

**Activity Among the Local Water  
Companies.**

The Sonoma City Water Works  
Company, owned by Mrs. Cuttler  
and Mrs. Emparan, daughters of  
Gen. Vallejo, has improved its  
system wonderfully within the last  
few weeks. An increased flow of  
water has been developed, immense  
elevated tanks have been built on  
the hill overlooking the old reser-  
voir site, new mains laid down and  
the system improved in many  
other ways at considerable ex-  
pense. The elevated tanks were  
put in commission for the first  
time this week and now the in-  
creased force, and flow and the  
purity of the water is all that could  
be wished for by the most exacting  
water consumer.

The Yulupa Land and Water  
Company, owned by L. L. Lewis,  
has a large force of workmen en-  
gaged in laying its nine-inch mains  
on Napa street. This system is  
several miles in length and will  
supply El Verano and that portion  
of the valley west of town with an  
abundance of water for domestic  
and sprinkling purposes. It is ex-  
pected to have this service in full  
operation some time this month.

**The Old City Bakery**

On the East side of the Plaza,  
is now prepared to supply its cus-  
tomers with French and American  
bread, cakes, pies, rolls, dough-  
nuts, etc., baked fresh every day.

### A CURIOUS WATCH.

A Clever Workman on a Challenge From Royalty.  
The man who is expected to be the inventor of a new and improved watch, is Mr. McKinlay. He has been working on the watch for some time, and has already made several improvements. He is now working on a watch that is supposed to be the most accurate and reliable ever made. He is working on it in his workshop in Sonoma, California.

It is our duty as citizens to support the man who is working for the good of the community. We should encourage him in his work, and should not allow anyone to discourage him. We should support him in every way we can, and should not allow anyone to discourage him. We should support him in every way we can, and should not allow anyone to discourage him.

His sincerity cannot be questioned, and as evidence of this, we have seen the results of his work. He has made several improvements, and has already made several watches. He is now working on a watch that is supposed to be the most accurate and reliable ever made. He is working on it in his workshop in Sonoma, California.

Mr. McKinlay has made an exhaustive study of the watch, and has found out many things that other people have not found out. He has found out that the watch is not as simple as it seems, and that it is a very complicated machine. He has found out that the watch is not as accurate as it seems, and that it is a very unreliable machine.

### \$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all druggists 75 cents. Take Hall's Family Pills for constipation.

### "For God's Sake Do Something."

We have answered this cry in our new book "Fighting the Traffic in Young Girls" by Earnest A. Bell, U. S. District Attorney Sims. It tells how thousands of young girls are lured from their homes annually and sold into a life of shame and suffering. The Cincinnati Inquirer says: "Of all the books of the most helpful; it is the principal book to read." Agents are selling it for \$1.75 a day. Send for it. Address James J. Secy., 123 Plymouth Street, Chicago.
